

## Compressed Wood Pallet Equipment

With years of experience in production Compressed Wood Pallet Equipment, Senyu can supply a wide range of Compressed Wood Pallet Equipment. Scenix pallet supplies high quality Compressed Wood Pallet Equipment. We are professional manufacturer for innovative presswood pallets and compressed wood pallet machines in Qingdao, China. Customer satisfaction is our biggest goal.

### Product Introduction

China Factory Directly Compressed Wood Pallet Equipment In Stock. Senyu is a Compressed Wood Pallet Equipment manufacturer and supplier in China. We stick to our enterprise spirit of "Quality, Performance, Innovation and Integrity". We purpose to create a lot more price for our prospects with our rich resources, innovative machinery, experienced workers and great products and services for Well-designed China Euro Compressed Press Sawdust Wood Pallet Pressing Machine, We welcome you to definitely be a part of us during this path of making a affluent and productive business enterprise together. Well-designed China Wood Pallet Production Line, Wood Pallet Making Machine, They are sturdy modeling and promoting effectively all over the world. Never ever disappearing major functions within a quick time, it's a have to in your case of fantastic good quality. Guided by the principle of "Prudence, Efficiency, Union and Innovation. the corporation. ake an excellent efforts to expand its international trade, raise its organization. rofit and raise its export scale. We have been confident that we've been going to have a bright prospect and to be distributed all over the world in the years to come.

### Compressed Wood Pallet Equipment Suppliers, Factory and Manufacturers

#### Introduction of Compressed Wood Pallet Equipment

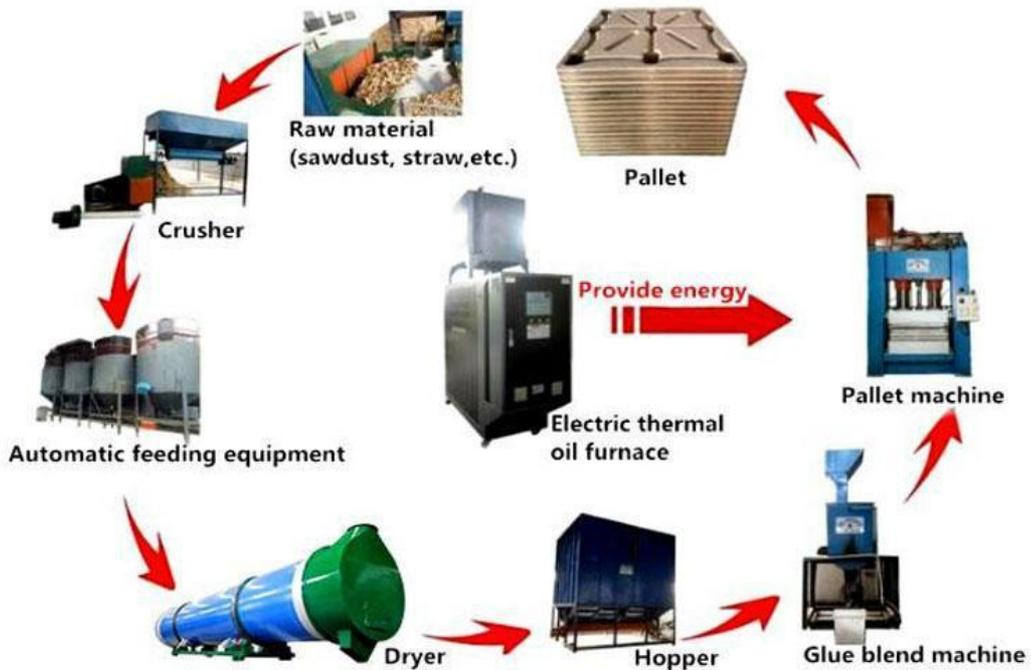

For the presswood pallet, the raw materials can be wood chips, straw, etc., which is the overall structure, panel and 9 support feet once mold shaped. The upper surface of the pallet plate is smooth, can meet the transport of various goods, the under surface uses stiffener. Plate longitudinal and horizontal force is balance, nine foot distribution to meet the forklift four-way insert. It is a four-way fork in, single-sided pallet.

Except producing presswood pallet, Scenix also manufacture compressed wood pallet machine, a chain of full-set solutions, including molding press machine(core equipment), presswood pallet block machine, drum chipper, hammer mill, drying machine, glue mixing machine, energy supply system and etc.

### Specification of Compressed Wood Pallet Equipment

ITEM	UNIT	MODEL
		SY-1000
Working pressure	Mpa	18-20
Output pressure	T	1000
Main oil cylinder diameter	mm	400
Main oil cylinder quantity	pcs	4
Cylinder stroke	mm	600
Maximum size of pallet	mm	1300×1200
Motor power	KW	11
Weight of machine	T	23
Machine dimension	mm (L×W×H)	3300×1600×3400
Production capacity	pcs/24H	200

## Compressed Wood Pallet Equipment APPLICATION

Molding press machine is the core equipment of presswood pallet production. This equipment is energy saving, stable and easy in operation, occupies a small area, has no special request of workshop. It has reasonable structure design and the mold is changeable according the the pallet size you want to produce. The processing time of making one pallet is about 360 seconds, one set machine can produce about 200pcs pallets. It can produce with other supporting equipment full automatic.

**Hammer mill**

**Electrical Heating Oil Heat Furnace**

**Drying machine**

**Chip silo**

**Glue mixing machine**

**Drum chipper**

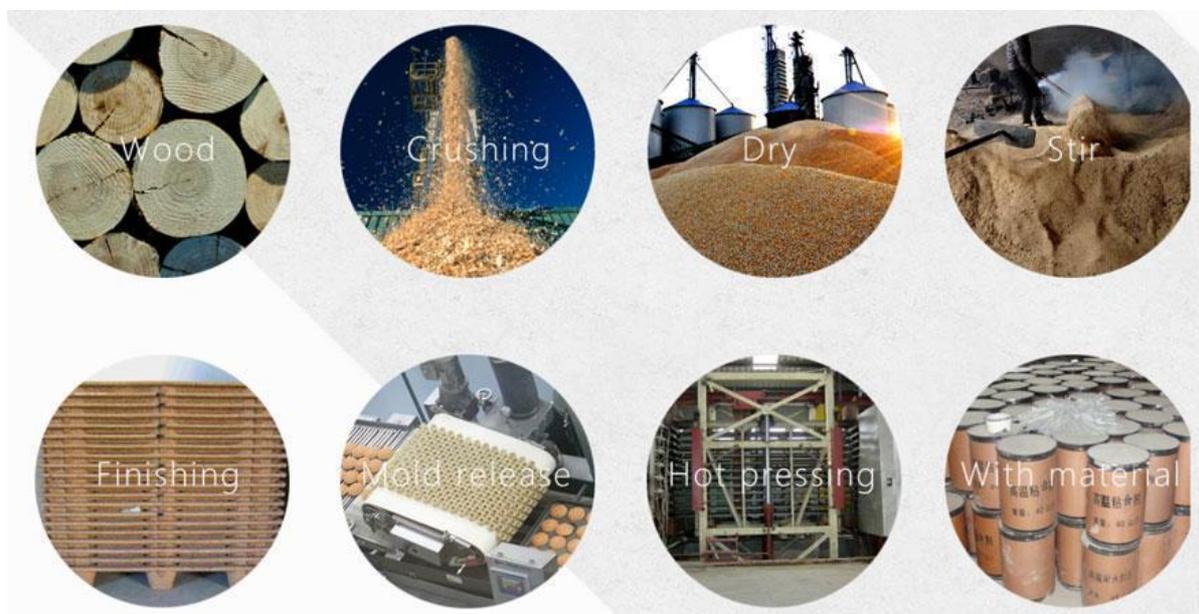

## Details Of Compressed Wood Pallet Equipment

- (1) Equipment design: Special internal design made the framework has a very high tensile strength, strong rigidity and stable..
- (2) Hydraulic system: It has an independent hydraulic system and adopts a two-way cartridge valve, which is small and light, compact in structure, small in flow resistance, large in flow, sensitive in action, reliable in work, good in sealing performance, easy to maintain, and long in service life and etc, working pressure can be adjusted within the parameter range.
- (3) Control system: Easy and simple to handle, control cabinets can be automatic and manual control.
- (4) Automatic control mode: Press the start button to automatically complete a pallet pressing process, and automatically complete the finished product ejection and automatic palletizing to reduce manual handling. It can be switched to manual mode, and the manual button controls the slider to rise, fall and unload.
- (5) Safety device

The motor control part has thermal protectors, circuit breakers, etc., to protect the motor from overloading damage and over-current short-circuit.

There are independent relief valves for rising and falling oil cylinders to ensure pressure not overloaded.

Overpressure protection: It stops working when the set pressure is reached.

## Delivery and Shipping Service of Compressed Wood Pallet Equipment

Shipping methods:

By Sea: From Qingdao seaport

By Train or by Land

Payment methods:

T/T, Paypal, Western union, Moneygram, Cash

## Faq

Q: Can I visit your factory?

A: Yes. Many domestic and international customers visit our factory every year. Our company is located in Qingdao, Shandong province, China, you can come here by air or train.

The nearest airport is Qingdao Jiaodong International Airport, and the Airport Code is TAO.

We will pick you up at airport. Welcome to visit our factory.

Q: What is the Quality of your products?

A: Scenix products come with best quality, and our products passed CE certification, exported to lots countries around the world, such as Australia, Malaysia, India, Italy, Indonesia, Vietnam, Philippines, Korea, Brazil, Argentina, Russia, South Africa, etc. You can rest assured with the quality absolutely.

Q: What is the Installation of your products?

A: Scenix has several experienced technicians with passports ready to go for installation, when installation service is needed, the client should pay for technicians' round way air tickets, food and lodging, most importantly to guarantee the technician's safety.

Q: What should I provide to get the suitable quotation?

A: 1. What is the raw material for the production line?

2. What is the capacity per hour you required?

3. What is the maximum input size of the raw material?

4. What is the output size and application for the final product?

You can send inquiries: [info@ecopallet.cn](mailto:info@ecopallet.cn)

Once we get your answers, we can provide you the best quotation immediately.

Remarks: The price will depend on different models.

## Company

Qingdao Senyu Environmental Protection Technology Co., Ltd. is situated in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of compressed wood pallet, presswood pallet and Compressed Wood Pallet Equipment. Through years of strenuous effort, Scenix has started to play an important role in this market with an annual output of 5800,000pcs. Since its very beginning, the company has been committing itself to the belief "focus on reducing costs, creating value for customers".

Thanks to its competitive prices, quality products and post sale services, the company wins a lion's share of the industrial market with its reach into many fields of chemical, auto-parts, printing,

food and the like. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe, United States and other foreign countries.

Now we owns 3 branch companies, from the collection of raw materials to the manufacturing of the customized mold, from R&D team to marketing & trading team(Qingdao Yuking New materials). Scenix has the ability to control all the production process of the industry chain. Qingdao Scenix is stepping up its effort to build up itself into an international brand.
