

Presswood Pallet Production Line

Scenix pallet supplies high quality Presswood Pallet Production Line. We are professional manufacturer for innovative presswood pallets and compressed wood pallet machines in Qingdao, China. Customer satisfaction is our biggest goal.

Product Introduction

We keep improving and perfecting our products and service. At the same time, we work actively to do research and development for Personalized Products China Hydraulic Hot Press Pallet Compression Moulding Machine with Plant Fibers, If you are interested in almost any of our services and products, please never hesitate to get in touch with us. We have been willing to reply you within just 24 hrs following receipt within your ask for and also to create mutual unlimited positive aspects and business enterprise in in the vicinity of future. Personalized Products China Pallet Machinery, Pallet Production Line, We accomplish this by exporting our wigs directly from our own factory for you. The goal of our company is to get customers who enjoy coming back to their business. We sincerely hope to cooperate with you in the near future. If there's any opportunity, welcome to visit our factory.

Presswood Pallet Production Line Suppliers, Factory and Manufacturers

Introduction of Presswood Pallet Production Line

The mould press pallet machine is one of our main products for presswood pallet production line, which meets with environmental protecting requirements.

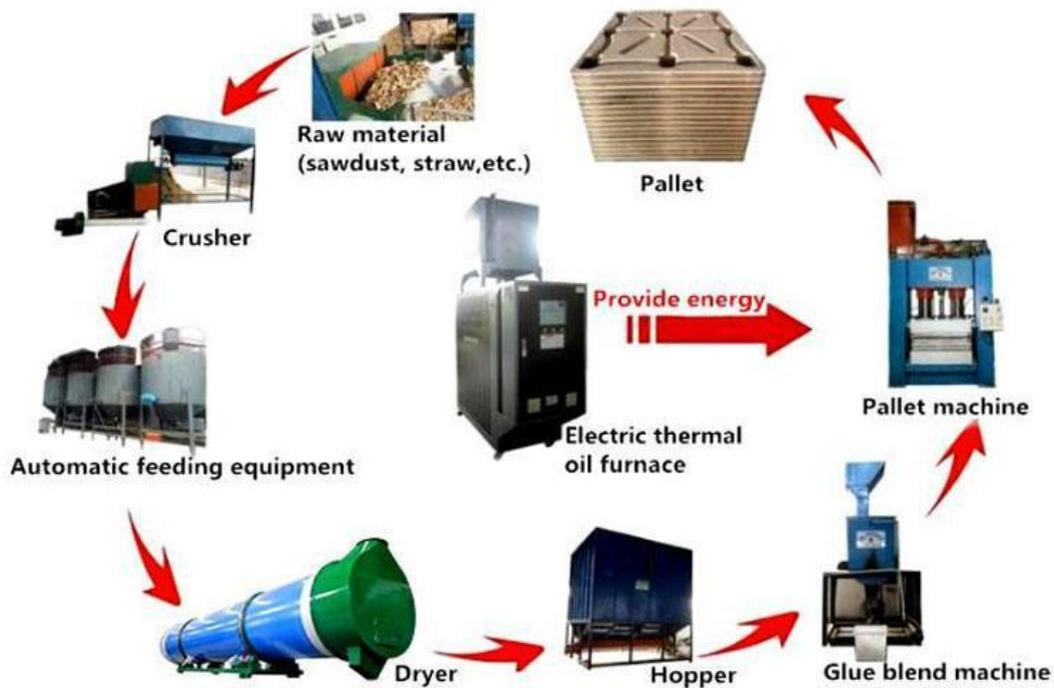

With the advantages of light, good integrity, no nails and thorns, non-toxic and tasteless, non-rot, easy to clean, non-combustion, no spark, waterproof, anti-explosion and anti-skid, quarantine-free, high recycling value and so on, it has been widely used in the storage and transportation of many industries such as food tobacco, pharmaceutical, chemical, machinery, electronic appliances, textile, auto parts, beer and others, which is highly improving the work efficiency.

Specification of Presswood Pallet Production Line

ITEM	UNIT	MODEL
		SY-1000
Working pressure	Mpa	18-20
Output pressure	T	1000
Main oil cylinder diameter	mm	400
Main oil cylinder quantity	pcs	4
Cylinder stroke	mm	600

Maximum size of pallet	mm	1300×1200
Motor power	KW	11
Weight of machine	T	23
Machine dimension	mm (L×W×H)	3300×1600×3400
Production capacity	pcs/24H	200

Presswood Pallet Production Line APPLICATION

Molding press machine is the core equipment of presswood pallet production. This equipment is energy saving, stable and easy in operation, occupies a small area, has no special request of workshop. It has reasonable structure design and the mold is changeable according the the pallet size you want to produce. The processing time of making one pallet is about 360 seconds, one set machine can produce about 200pcs pallets. It can produce with other supporting equipment full automatic.

Hammer mill

Electrical Heating Oil Heat Furnace

Drying machine

Chip silo

Glue mixing machine

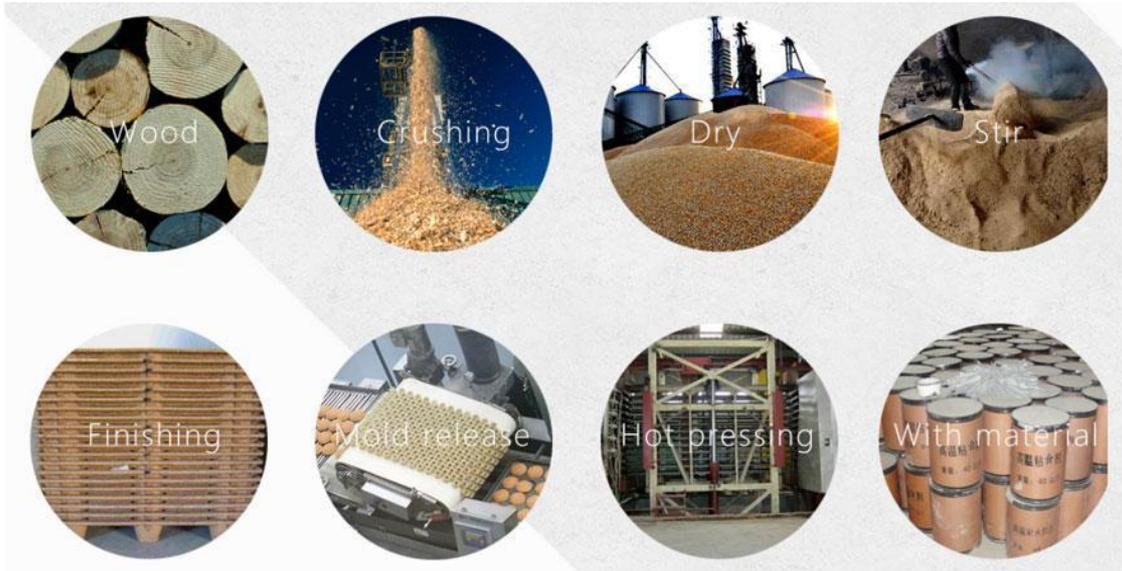

Drum chipper

Details Of Presswood Pallet Production Line

Mould pressing pallet is made of wood sawdust, wood chips and other plant fibers through drying, sizing, high temperature and high pressure. It has the characteristics of high load bearing, no deformation, moisture-proof, fire-proof and insect-proof, no fumigation for export and no pollution for environmental protection and so on. It is suitable for food, chemical industry, machinery, hardware, electric appliance, building materials and many other industries.

The operation process of this project is very simple. Simply plugged into a power supply for steam or heat conduction oil, can organize production, each hot pressing time is 8 minutes, (by adjusting device of the equipment installation, can be adjusted according to the production specifications). Each press machine can produce about 140 pieces per day, and only 2 workers can operate 3 presses in a single shift. For crushing and drying, need 2 person to operate. Steam consumption is 0.05 tons per hour for each press machine and 0.5 tons per hour for dryer.

Delivery and Shipping Service of Presswood Pallet Production Line

Shipping methods:

By Sea: From Qingdao seaport

By Train or by Land

Payment methods:

T/T, Paypal, Western union, Moneygram, Cash

Q: Can I visit your factory?

A: Yes. Many domestic and international customers visit our factory every year. Our company is located in Qingdao, Shandong province, China, you can come here by air or train. The nearest airport is Qingdao Jiaodong International Airport, and the Airport Code is TAO. We will pick you up at airport. Welcome to visit our factory.

Q: What is the Quality of your products?

A: Scenix products come with best quality, and our products passed CE certification, exported to lots countries around the world, such as Australia, Malaysia, India, Italy, Indonesia, Vietnam, Philippines, Korea, Brazil, Argentina, Russia, South Africa, etc. You can rest assured with the quality absolutely.

Q: What is the Installation of your products?

A: Scenix has several experienced technicians with passports ready to go for installation, when installation service is needed, the client should pay for technicians' round way air tickets, food and lodging, most importantly to guarantee the technician's safety.

Q: What should I provide to get the suitable quotation?

A: 1. What is the raw material for the production line?
2. What is the capacity per hour you required?
3. What is the maximum input size of the raw material?
4. What is the output size and application for the final product?

You can send inquiries: info@ecopallet.cn

Once we get your answers, we can provide you the best quotation immediately.

Remarks: The price will depend on different models.

Company

Qingdao Senyu Environmental Protection Technology Co., Ltd. is situated in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of compressed wood pallet, presswood pallet and Presswood Pallet Production Line. Through years of strenuous effort, Scenix has started to play an important role in this market with an annual output of 5800,000pcs. Since its very beginning, the company has been committing itself to the belief "focus on reducing costs, creating value for customers".

Thanks to its competitive prices, quality products and post sale services, the company wins a lion's share of the industrial market with its reach into many fields of chemical, auto-parts, printing, food and the like. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe, United States and other foreign countries.

Now we owns 3 branch companies, from the collection of raw materials to the manufacturing of the customized mold, from R&D team to marketing & trading team(Qingdao Yuking New materials). Scenix has the ability to control all the production process of the industry chain. Qingdao Scenix is stepping up its effort to build up itself into an international brand.
